PRAYING FOR GOD'S LOVE

1 John 4:7-19

PRAYER POINTS

- Thank God for loving us so much that He gave His one and only Son so that we who believe will have eternal life. Thank God for manifesting His love to us in this way that we might live through Him.
- To love one another with a selfless, sacrificial, unconditional love.
- For God to abide in us and perfect His love in us and to know with confident assurance that we abide in Him and He in us because He has given us His Holy Spirit.
- To know and believe the love that God has for us.
- For His love to be perfected in us and for us to be made into the image of Christ so that we may look ahead with confidence to the day of judgment.
- Thank God that there is no fear in love and that His perfect love drives out fear. Ask to be made perfect in love so you will not give way to fear.
- Thank God that we love because He first loved us.
